“ *The Woody Family-- I will miss my dear friend. Your mother often stopped by my house when she was going or coming from people's homes where she had taken something she had cooked, or visited. She was good to check on sick folks. I also worked with her at Cherokee Co. NH. She also had a pet name she called my sister Mauna Reynolds at the Spring Garden P.O. She would call on the phone and say "hey it's ME" So they called each other "ME" until my sister passed, then Betty and I started calling each other "ME" I will really miss her in the days ahead, you are in my prayers.*

“ *Just a couple of weeks ago I enjoyed a wonderful meal at the home of a mutual friend. This reminds me that we have to be ready to go, and I believe Sis. Betty was, at any time.*

“ *The first time I met Miss Woody was when her daughter, Debbie & then step-daughter, Rita, were about 4 or 5 years old. They attended the church where we went as young children. I saw this lady standing at the corner of the street, in front of the church, with two little girls in each hand. Those two little girls went on to be our best friends from elementary school, high school, & beyond. I always enjoyed visiting their home! Miss Woody was a beautiful & sweet lady! Sharing a memory: I remember, when we visited her home, she always swept the floor a lot. When she bought groceries, she bought a lot of canned goods, I'd watch her as she put them away. I was star struck by this, my mom never bought canned goods to speak of. In caring thoughts to the family, Joan!*
