“ Steve, I am so very sorry for your loss. I had no idea Betty was so ill. She was a very special acquaintance and peer. She and I shared planning period together several years, and she always could make me laugh about teaching AI history- not exactly her forte! You were blessed to have had her as your mother. “ Steve,
So sorry to hear about Betty. We were unable to attend the funeral because we were out of the country. She and Martin were good friends.
