“ Will always remember the good times working with Brenda and her family at Gateway. Being new to the area they made me feel welcome.
Will always remember the morning I over slept and when I got to work Brenda was serving customers coffee in her PJ's and slippers.
Will always remember her with a loving heart.

“ *Brenda saved my life when I was 14. I was in church and my family did not know I was there because I usually went somewhere else and I saw them get up and leave and the preacher got up announced my Grandmother that I lived with just died. I stood up screamed ran out and ran down the steps headed on the bypass oncoming traffic. Brenda ran out behind me got to me driving towards oncoming traffic and made me get in the car. I could have been killed and so could she. I have thought about her over the years and have always loved her. To her kids, she was a wonderful funny lady ,a good lady and my sympathy to you all.
