“ I am so so sorry to hear of David’s passing. I had not seen him since high school when me, Louise Coley, his brother Mike and David went to Terrapin Creek in between practicing for my and Louise’s graduation. Well, David was pretending to push me in the river and the bank was slippery and I KNEW I was going in so I took David with me. I dropped up to my neck immediately. He was a sweet and good friend. He will be missed by all.

I remember David from our summer years at the Comer BSA reservation in Mentone, AL. David was inclined to always do the right things. David loved nature and loved Scouting. These are good memories that I had with David.
