Was friends with David since Elementary School. He is part of our South St. Paul, MN class reunion list. From what I hear from others , I still remember building tree houses while exploring the woods.. He always had joke and great sense of humor. Someone here mentioned old music and I remember we often put in albums and sing along. I hadn't seen him for years but we remained friends on Facebook. Our class of 75 will remember him with a tribute. David. I never forgot about you and wish we could have gotten together one more time. To the family I send my deepest sympathy.

“ I consider myself fortunate to be his Uncle by marriage. He will be greatly missed by all that knew him. I will always think of him when I see the large oak trees outside my window. A very loving BIG man.
