“ *This man is my pawpaw. He was my best friend, he was my hero, he was who I loved and respected more than anyone. Being his only grandson carrying his last name, as well as his first grandchild we had a bond like no other! I'll always remember that high pitched voice, that very loud sneeze, him saying "well I'll declare", as well as the countless hours of hunting, fishing, riding in his M.G cars, to learning all about his love for Jeepster! I think of him everytime I wash what was his favorite of 5 Jeepsters! And who didn't love how he would crack their neck or back?? I used to tell my father that I had a bad headache or back ache just so he would take me to see him at his office. He had magic in his hands. His heart was full of love! A piece of my heart left with him that morning he passed.*

*Pawpaw,
I hope your with your loved ones watching over me. I hope I'm making you as proud of me, as I am you. I'll always hold onto the memories created and shared with you. I was blessed to have you in my life for 42 years! I love you. I miss you. And hope one day we are reunited. I love you pawpaw. Rest easy!!*

My grandmother used Dr. Teal. She got me going to him. Then, I was in school with all of his children. He is a Man, Doctor, father and husband that will truly be missed. Prayers to all of you.
