“ Jenny, Greg and the rest of the family. My Heart goes out to you, I know how hard it is to lose my dad, so I know you are gonna have some hard days ahead. But, I will be Praying for you all, even the grandkids. I know he loved you all from the very bottom of his heart. I didn't know your dad personally, I remember him when he was married to your Mom and him and my Dad were friends and that is the way I remember all of you. Yes, he was a very hard working man, that concrete work from what I hear from others that have done it, family included it is a tough job. Which means you had a tough dad to provide for his little girl Jenny, and his son Greg and his wife of many years. Try to always remember the fun times you all had as a family and remember we are all Praying for you though this toughest part of your life right now. Jenny, I am only a phone call away, and if you don't know how to get in touch, just hit me up on face book. I will be thinking about you and your family, you will definitely be in my thoughts and prayers. Not just today and tomorrow, but for months I will always remember to call your name before our Lord, and ask him to wrap his loving arms around you and your family to help you each day to just learn to process each day. Minute, by minute, day by day.....We Love you and your family, Darlene and Justin
