“ I offer my condolences to this family. I worked with Mr. McCain for many years at ANAD. He was my inspector in the body shop. He was always the same. Very jovial and truly cared about people and his work. He made our lives a lot easier when he worked with us. May God grant you the peace that passes all understanding. I just noticed this on this website. I did not know he had gone on to his reward. I am sorry to just add this today, but, for special people like Bill, I had to offer something.
