# Tribute Wall

“ *When I was a child. As far back as I can remember. At Christmas I would receive some of the best gifts from her. My first wagon, first ,tricycle, bicycle, etc. But every year at Christmas she would give me at least one apple and one orange. At times in my teens as this continued I remember thinking why does she give me an apple and an orange for Christmas. In my adult life as this continued I actually began to appreciate the gesture once again. Today as I walked past a bag mixed with apples and oranges I realize how much I miss her being around and how much more I would appreciate these gifts now. Tommy Haney*
