“ Evan, I am so sorry to hear about Pops, but, just think about all the wonderful memories y'all made throughout the years. My favorite one of him was in the car rider line when I would be waiting to pick up Danielle and Kayley. He loved Danielle then, and he always did. He would tell me he was going to take her away from me, she was the sweetest and prettiest girl he had ever seen. He was so happy when y'all started dating and would tell me how he planned it just right, he was over the moon when ya'l got engaged. You and Danielle made him the happiest man in the world when ya'll presented him with Colt his first great grand son. So, I know this post is long, but, just know you never let him down and I think your life has turned out just like he wanted for you. I love you and your family.
